

Encyclopedia of Associations: International Organizations

Now online on Gale Directory Library

The acclaimed, long-standing *Encyclopedia of Associations* series provides detailed information on organizations around the world. *Encyclopedia of Associations: International Organizations* covers multinational and national organizations from Afghanistan to Zimbabwe, including U.S.-based organizations with a binational or multinational membership. Each annual edition of this venerable resource features more than 29,000 membership organizations. Multiple editions are available by standing order, ensuring

access to the most up-to-date information as well as historical data.

Encyclopedia of Associations: International Organizations is the only comprehensive source for detailed information on membership organizations around the globe. Each entry features a range of valuable data, typically including the organization's complete contact information, including names of directors and executive officers; e-mail and Web site addresses; description of the organization's history, governance, staff, budget, affiliations, goals, activities and much more.

Real-world users might include:

- Cross-search *Encyclopedia of Associations: International Organizations* with *Encyclopedia of Associations: National Organizations of the U.S.* and *Encyclopedia of Associations: Regional, State, and Local Organizations* to instantly generate a list of animal rights organizations across the globe, including complete contact information, Web sites and more
- Market a new small business product or service by connecting with Chambers of Commerce; cross-search national with regional organizations to easily create a mailing list of more than 3,000 groups across the U.S.
- And much more

ABOUT GALE DIRECTORY LIBRARY

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
