

Law and Legal Information Directory

Now online on *Gale Directory Library*

The critically lauded *Law and Legal Information Directory* provides descriptions and contact information for thousands of institutions, services and facilities in the law and legal information industry. Each annual edition of *Law and Legal Information Directory* includes more than 21,000 entries. Multiple editions are available by standing order, ensuring access to the most up-to-date information as well as historical data.

Entries include U.S. and international organizations; bar review courses; bar associations; federal court systems; law schools; research centers; scholarships and grants; legal periodicals; lawyer referral services; legal aid offices; public defender offices; small claims courts; and much more. Full contact information is provided, including name, full address, phone, e-mail, Web site and a description of the organization.

Real-world users might include:

- Law students studying civil liberties can easily create a list of international research centers specializing in civil rights issues
- Private individuals in need of legal representation can identify sources of information and referral services for specific geographic regions
- Practicing lawyers and legal professionals can identify publishers of law references and create lists of providing companies
- And many others

ABOUT GALE DIRECTORY LIBRARY

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
